

BioPort Atlantic, the premier event for Atlantic Canada's life sciences industry, will take place September 21-22 at the Halifax Marriott Harbourfront in Halifax, Nova Scotia.

*BioPort Atlantic provides a venue where speakers, panellists and delegates can share their knowledge to advance the growth of the region's life science capabilities. This year's theme – **Pumping the Pipeline** – focuses the program on the successful advancement from idea through commercialization to the market.*

For more information, visit our website at www.bionova.ca/bioport. We'd be happy to welcome you to Nova Scotia and BioPort Atlantic.
